

# Log Jack

**A professional quality** multi-use tool for the serious wood cutter. Easily converts into a cant hook by removing the lifting brace.

Duckbill hook is made of drop forged steel. Handle is made from top quality straight grain White Mountain Hickory, kiln dried to 18% moisture content. Ideal for log sizes 3 to 12" . \*  
\*other size hooks available on request.

Item #	Description	Handle Diameter	Length	Approx. wt. ea.	Package Quantity
<b>06238</b>	Dual Purpose Log Jack	2.25"	3.5'	10.1 lbs.	1
<b>06239</b>	Replacement Handle	--	--	3.9 lbs.	1

**WARNING!** Always wear appropriate eye and body protection while using this tool.

# Timber Carrier

**Heavy steel swivel** allows for free movement permitting timber passage through narrow areas.

Ductile iron clasp provides higher strength. Clasp is open at top and drawn tight by a bolt, eliminating the need for a bolt hole through handle.

Item #	Description	Handle Diameter	Length	Approx. wt. ea.	Package Quantity
<b>09041</b>	Timber Carrier	2.5"	4'	12.1 lbs.	1
<b>09341</b>	Replacement Handle	--	--	4.5 lbs.	1
<b>09051</b>	Timber Carrier	2.5"	4.5'	12.9 lbs.	1
<b>09351</b>	Replacement Handle	--	--	4.8 lbs.	1

**WARNING!** Flexing load in a perpendicular direction of grain could cause handle fracture and result in personal injury

# McLeod Tool

**A combination** hoe, tamper & heavy duty rake used by fire fighters. Designed for use for clearing fire lines.

Hoe edge is cut and tapered in a 45° angle. Handle is removable for storage.

Item #	Description	Handle Diameter	Length	Approx. wt. ea.	Package Quantity
<b>44915</b>	McLeod Tool	1.5"	51"	5.7 lbs.	10
<b>44908</b>	Replacement Handle	1.5"	48"	1.5 lbs.	10
<b>44927</b>	Replacement Head	--	--	2.3 lbs.	10
